

SAFETY RECALL

SUFFOCATION HAZARD

SIMPLICITY DROP SIDE CRIBS

The crib's plastic hardware can break or deform, causing the drop side to detach. Infants and toddlers can roll into the space created when the drop side detaches and become entrapped which can lead to suffocation.

SOLD FROM JANUARY 2005 THROUGH JUNE 2009 FOR BETWEEN \$100 AND \$300.

CONSUMERS SHOULD STOP USING THE CRIBS IMMEDIATELY AND RETURN THEM TO THE STORE WHERE PURCHASED FOR A REFUND, REPLACEMENT, OR STORE CREDIT. FOR MORE INFORMATION REGARDING THE RECALL, CONTACT FINGERHUT DIRECT MARKETING TOLL-FREE AT:

866-931-5417

8 a.m. and 5 p.m. CT Monday through Friday

In cooperation with the U.S. Consumer Product Safety Commission

Post Until October 31, 2009
